

# Modular Casework from Patterson Pope

## Modular/Flexible/Durable...easy to specify

Use our Finishing Specification Guide as a companion to Hamilton Sorter's Online Specifying System to easily select a standard cabinet design and dimensions, or tell us your specifications and our Project Management Team will work with you to create the exact solution that meets your requirements.

Rail-mounted wall cabinets provide precise height and depth adjustments.

Shelves feature full width, color coded labeling for quick, accurate sorting.

Unique shelving systems provides shelf adjustability in one inch increments.

We seal all edges with PVC; there are no exposed edges on our casegoods.

Leveling system assures perfect alignment of modular components.

Full-extension ball-bearing slides provide a lifetime of smooth operation.

Quality concealed hinges are invisible from the outside of the cabinet.

Choose from our standard handles, or we'll match your custom specifications.
