# INFO SHEET

## MEDIUM STANDARD

2 ea fits into a standard TRICON shipping container without need for dunnage

Optimize space in TRICON container

Fit 2 on a standard 463L pallet

Compatible with 463L pallet

Fit 6 on a M3 CROP

Fits on Crop/PLS

No tools required to flat pack or reassemble

Easily flatpacked and reassembled

MIL-STD TP-94-01 Rev. 2 approved

6 or 3 (divided or long shelf) compartments, multiple shelf heights

6 or 3 separate compartments

SharkCage Standard Medium is designed to optimize the inside of a TRICON container. You can fit 2 in each container with minimal blocking and bracing.

The SharkCage design makes it perfect as a warehouse solution for preposition, contingency, sustainment or operational stock that is transported in TRICON containers, 20ft containers or on air pallets.

By locking the front panels content is secured against theft. The solid top helps protect the content against light rain or sun. For full climate protection optional waterproof covers are available.
