# INFO SHEET

## SMALL STANDARD

2 each fit into a Quadcon shipping container

Optimizes space in Quadcon

4 each fit on 463L Pallet

Airlift Certified by Air Force

8 each fit on a CROP/PLS. Access material from the side

Fits on Crop/PLS

Flatpack and reassemble without tools. Still stackable when flatpacked

Easily flat-packed and reassembled

Ammo certified (MIL-STD TP-94-01)

Perfect for small teams

The affordable and everlasting SHARKCAGE Standard Small is designed to fit the Quadcon container.

The small size makes it ideal for small teams and units that lacks the lift assets to move larger containers.

Up to 4 each Quadcon fits on a 463L pallet, 8 each on CROP and 20 ft shipping containers, making it ideal for teams that require intermodal capabilities.

The ISTF is approved for ammunition storage and transport by Defense Ammunition Center.
