CARGO CUBE FREE STANDING STORAGE CUBE FOR HEAVY DUTY CARGO APPLICATIONS

CONTAINE STROY FB5445

USFU 0174291

- Poor space utilization No vertical storage Poor readiness = Poor deployment capability

± Labor intensive handling

- **Drain** on warehouse potential
- **X** Traditional storage methods: UNSTACKABLE, RESTRICTED ACCESS, INEFFICIENT
- Exposed Containers / Crates = materials damaged by weather & the environment
- **Limited expansion** potential for increased operations

THE SOLUTION

Enable CARGO and CONTAINER stacking

I I

- Maximize CUBIC SPACE, rather than FLOOR AREA
- **Facilitate STRATEGIC** inventory process
- **WITHSTAND years** of demanding service

- **Utilize EXISTING** outdoor yard space
- **ELIMINATE** the need for dunnage blocks
- **SAVE MONEY**
- **Finable immediate access** to any pallet for RAPID DEPLOYMENT

FREE STANDING STORAGE CUBE

124

121

Suitable for use with standard all-terrain forklifts. Additional load supports allow storage of longer items such as crates or wooden pallets

Optional internal shelf creates an extra level sutiable for crates, cargo, pallets, boxes, etc.

12K

Top supports allows storage of **two** loads to be stored in one cargo cuber Internal Shelf can be fitted at three different heights (adjustable at 6 inches) Longer items can be stored along multiple cubers that are linked together by **ISO corner castors**

116"

Bottom ISO corner castors allow stacking without the need of fixings

Optional FABRIC COVERS for top/back/sides

2

(Berry Compliant)

<complex-block>

ISO Corner Castings on all corners allow the Cuber to be linked together to create rows and structures that are easily reconfigured.

BAN-AIR movable stair kits allow instant accessibility for all loads even when stacked 2 high
