

INFO SHEET

STORAGE SYSTEMS

MOBILITY CRATE - UTV

Spacesaver's Mobility Crate is a custom transportable storage rack that provides secure and ready access to utility terrain vehicles (UTV). It's a mission-ready storage system that greatly reduces storage area needs. The unit is collapsible, dual entry, stackable, and galvanized for long-term exterior or interior use.

BENEFITS:

- Stores both 4-person and 2-person units in one standard system
- Provides security-controlled access
- Reduces warehouse space needs
- Improves transportability and control of mission-ready assets
- Stackable up to 3 high with accessibility for functional tests during storage
- Structural steel frame supports heavy loads and resists mishandling
- Field tested and approved

FEATURES:

- Knockdown construction for ease of shipping and storage when not in use
- Locking ramp and gate at each end
- 4 Way Forklift access
- Tie down hook at each end for ratchet straps to hold down vehicle during storage
- Tread plate deck

SALES PART NUMBER: MCDES8972155
