Storage Solved®

WOOD VENEER PANEL TREATMENTS

RAISED WOOD

RECESSED WOOD

RADIUS WOOD OR LAMINATE

FLAT WOOD

EDGE BANDING OPTIONS

PVC MOLDING:

Durable PVC edge banding can create a contrast between the face panel and the steel shelving or match the face panel laminate.

SELF-EDGED:

Self-edged banding is ideal for a more traditional look. The edge banding matches the face panel finish whether wood or laminate.

WOOD PANEL SPACER:

Wood panel spacers complement any wood face panel design. Spacers come in a variety of wood species, finishes and heights.
