# YOUR PARTNER IN COLLECTIONS CARE

For half a century, Spacesaver has helped protect and preserve some of the world's most interesting and important objects. Our comprehensive approach to collections storage includes everything from space planning assistance, to product design and manufacturing, to installation and long-term maintenance.

Our expertise, offered in partnership with your nearby Spacesaver distributorship, results in an unparalleled experience and exceptional collections care solutions.

We invite you to explore our products and get in touch to learn more.

## OUR COMPREHENSIVE APPROACH

- Space Planning and Product Design
- Expert Craftsmanship
- Product Installation and Long-Term Maintenance
- Protecting and Preserving Collections

# HIGH-DENSITY MOBILE STORAGE SYSTEMS

OPTIMIZING SPACE. PROTECTING COLLECTIONS.

## HIGH-DENSITY MOBILE STORAGE SYSTEMS (COMPACTORS)

- The right system for your collections
- Double your capacity or store the same number of objects in half the space
- Accommodate all types of shelving, cabinets, and racks
- Reconfigure systems as collections change
- Protect against seismic events with anti-tip rails and bin fronts to prevent items from sliding off shelves

## MECHANICAL-ASSIST STORAGE SYSTEMS

- Move thousands of pounds with minimal effort
- Prevent unexpected system movement with manual safety locks

## POWERED SYSTEMS

- Protect objects from abrupt movement with soft stop, soft start function
- Keep users safe with patented safety systems
- Restrict access to culturally sensitive or particularly valuable objects with optional PIN feature
- Space aisles evenly for better ventilation or keep most frequently accessed aisle in open position
- Operate system remotely and help reduce high-touch surfaces with mobile app

# **SPACESAVER MUSEUM CABINETS**

**THE GOLD STANDARD FOR COLLECTIONS CARE**

## 920 SERIES: PRESERVATION CABINET

- Reconfigure interior as collections change over time
- Stack, gang, or mount on mobile systems to accommodate growing collections
- Create a work surface with counter-height cabinets
- Add mobility with optional casters

BOTANY CABINETS

## ENTOMOLOGY CABINETS

FLAT FILES

## TRAYS AND DRAWERS

## OVERSIZED TRAYS AND DRAWERS

# MUSEUM SHELVING

THE PERFECT PLATFORM

## SHELVING

- Choose from standard or custom sizes and styles
- Add optional lockable doors, drawers and trays, and pull-out reference shelves
- Reconfigure without special tools to optimize space as collections change

## NANTUCKET DRAWERS AND TRAYS ON 4-POST SHELVING

- Value-engineered alternative to museum cabinets for collections that don't need a sealed interior environment
- Optimize vertical space
- Endless sizes offer limitless configurations and design possibilities.
- Museum-quality drawers and trays integrate with other 4-Post shelving accessories
- Trays are fully removable by disengaging safety stop
- Reconfigure and add accessories as your needs change
- Add optional locking doors for security

## EXTRA-WIDE TRAYS ON RAPTORRACT™ WIDESPAN SHELVING

## ART ON HIGH-BAY SHELVING

# COMPLETE SOLUTIONS

PROVIDER

## ART RACKS

- Compactly store framed art and other hanging objects.

## TEXTILE RACKS

- Prevent damage from creases and folds
- Reconfigure racks without special tools
- Mount on stationary bases, casters, or high-density mobile systems

## HIGH-BAY

- Consolidate collections
- Take full advantage of vertical space

## **THE SPACESAVER ADVANTAGE**

### **PROTECT THE PAST AND PREPARE FOR THE FUTURE**

We know that planning a renovation or new collections storage area can be a daunting task. That's why your local Spacesaver consultants, backed up by our world-class engineering and project management professionals, can partner with your team to design, install, and maintain complete solutions. We look forward to protecting your collections for generations to come.

Contact us today to arrange a free, no-obligation consultation.
