

TECHNICIAN LOCKER SYSTEMS

WireCrafters®

TECHNICIAN LOCKER SYSTEMS

IDEAL FOR

Lift Truck Companies | Electrical Companies | Plumbing Companies

TECHNICIAN LOCKERS

WireCrafters® manufactures Technician Lockers, often referred to as Mechanic or Distribution Lockers.

- Allows for drivers/technicians to enter facility in controlled environment.
- Can be used with simple padlock or:
 - Keycard readers
 - Key pads
 - Variety of other locks
- Reverse side allows parts manager to load lockers from inside cage system.
- All items stay separated and inaccessible from technician side of bay, allowing technicians/drivers only access to their cell
