

INFO SHEET

Designed for you. By you.

The original Universal Weapons Rack that was designed by soldiers just like you. Your UWR® storage system is ready to securely store a variety of weapons from rifles to side arms, gear bags to optics, all utilizing the same cabinet frame. The cabinet frame comes in multiple sizes from the 18" high UWR mini, to the standard size of 45" all the way up to the 84" tall cabinet. The UWR Storage System combines thoughtful design and unmatched features to create a system that's thoroughly secure, dependable and instantly deployable under any circumstance.

BENEFITS

- **SECURITY:** Retractable doors and locking bars provide weapon security, according to specific military requirements for the physical security of conventional arms, ammunitions and explosives
- **DURABILITY:** Fully welded, heavy-gauge cabinet provides long-lasting service even under the toughest conditions.
- **VISIBILITY:** Exterior diamond-shaped mesh permits visible counts or weapon inventory, even when the doors are closed and locked.
- **SPACE-EFFICIENCY:** Modular, stackable design maximizes armory storage space. Cabinets may be ganged together or used in a Spacesaver high-density mobile storage system.
- **FLEXIBILITY:** "A la carte" configurability accommodates the storage of a wide variety of weapon types, gear, optics and spare barrels.
- **PROTECTION OF WEAPONS:** All components that come into contact with the weapons are either dipped in a black poly vinyl chloride (PVC) coating or are made with an injection-molded thermoplastic to protect the weapons from abrasions.
- **TRANSPORTABILITY:** Transport components completely prevent the weapons from movement, vibration, shock and abrasion.

UWR Mini®

One-piece assembly with outside width of 22.38" (568mm) and a usable inside width of 19.00" (483mm) outside height options of 17.88"(454mm), 34.38" (873mm), 44.88" (1140mm) or 61.38"(1559mm).

UWR®

One-piece assembly with outside width of 42.38" (1076mm) and a usable inside width of 36.5" (927mm) outside height options of 44.88" (1140mm), 34.38" (873mm), 17.88"(454mm) or 61.38" (1559mm).

UWR 84"®

One-piece assembly with outside width of 42.38" (1076mm) and a usable inside width of 36.5" (927mm) outside height option of 83.88" (2130mm).

EASY TO TRANSPORT. READY TO DEPLOY.

Transport components like barrel supports, casters and handles can be equipped on any unit, and prevent the weapons from movement, vibration, shock and abrasion when in transit. **The Spacesaver UWR has been tested to meet the physical security requirements of OPNAVINST 5530.13C and AR 190-11** and are a beneficial component to transporting and storing weapons consistent with military physical security requirements.

Spacesaver UWRs can stand alone on the floor, be stacked two high, and can be ganged together. They can also be mounted on mobile carriages. In any instance, the rack can be easily moved to another location. Simply remove the unit from the floor or mobile system, and carry it to its future destination.

TRANSPORTABILITY AT WORK. WATCH HERE!

Watch this video on www.spacesaver.com to learn how Weapon Rack Transportability is more than just handles. The UWR is protected from shock, abrasion, vibrations and movement. Readily accessible with out damage or extra wear.
