

# WEAPON SECURITY WEAPON ACCESS

# MAGNi

by Vapensystems Inc.

The **MAGNi** gun safe is designed to securely store weapon(s) while providing fast access in case of an emergency. Due to the compact footprint, the **MAGNi** can be located anywhere a weapon may be needed in case of an emergency. The security of the QVRT series is unparalleled due to the patented locking mechanism located in the base of the unit. A biometric keypad allows access in less than 2 seconds.
