

# WEAPON SECURITY WEAPON ACCESS

# PATROL SAFE

by Vapensystems Inc.

Vapen Systems introduces the POLICE UNIT. This technologically advanced fast access security system is a true weapons vault for Police vehicles in the SUV and Pick-Up Categories. It can be mounted to the floor, raise with brackets and or be added to your stacking configuration. Most importantly, the Police Unit allows your officers/team to store their long rifles in the back of their vehicles overnight creating greater security for their weapons from break-ins and home-safety issues

Closed unit placed in vehicle

43.25"

Open unit placed in vehicle
